Curriculum Open Evening – Thursday 25th March 2010

Dear Parent/Carer

Over the last 2 years, Norwood School has created a stimulating curriculum that develops the skills our children need to enable them to become excellent learners and successful adults. Through our themed learning units, our children and adults are imaginative and creative whilst learning and developing skills they need for success in life.

Our creative themed approach is supported by our Core Learning Skills strands that, across the whole school, promote a strong learning culture by explicitly and intentionally developing pupils' ability to learn more effectively.

In the Spring Term of 2008 we also introduced to school a new approach to learning to read. The implementation of Read, Write, Inc, our synthetic approach to phonics, has supported our progress towards our ultimate goal at Norwood which is to ensure that from as early as possible our children have the ability to 'read to learn'.

Through a clear focus of school improvement, the commitment of the adults at Norwood and also the positive attitude of our learners, Norwood has successfully transformed our approach to learning and teaching which will prepare our children for the opportunities and challenges of life in the 21st century.

Our children and staff are very proud of the improvements that have taken place and would love to share this work in more detail with you. We are therefore inviting all families to join us at our Curriculum Open Evening on Thursday 25th March 2010 from 6.00pm onwards.

Yours faithfully

Mrs D Reynolds
